1 to 2 days (can be longer depending on needs of the venue)

Beginning to Advanced Students

**Get in the zone! Go zen!**

**Tap into your innermost creative side. Make a beautiful mixed media map of an imaginary place inspired by haiku – a minimalist form of poetry.**

**Students taking this workshop will create a series of small, simple and understated art quilt maps that capture the feeling of haiku, written by each student during the course of the class. The instructor will guide the student through a structured yet nurturing series of steps that provides opportunities to grow and learn. Although machine stitching is an option, hand stitching is a key part of the workshop.**

Thimble

**Fabric: (light, medium and dark muted values) (please bring plenty of light colors) I find that students do not have enough contrast in the finished maps because they use many medium valued fabrics. The goal is to have the elements on the map (Streets, buildings, etc...) stand out from the background (earth's surface) So, you will need more light and dark fabrics than medium. OPTIONS INCLUDE:**

- Varied commercial or hand dyed solid fabrics.
- Marbled fabric
- Fabric w/ subtle prints.

Black Micron Pens (or equivalent), Minimum 3 Point Sizes — 01 (0.25 mm), 03 (0.35 mm), and 05 (0.45 mm)

Notes:

There will be a modest materials fee of \$10 per person to offset costs of instructor supplied supplies.

You will be making relatively small pieces, therefore you will not need large quantities of fabric, but you will need an assortment of colors and values with which to work.
